

THURSDAY MORNING, MAY 10, 1928.

Will Rogers Remarks:

BEVERLY HILLS, May 9. (To the Editor of The Times.) The Senate is still examining the expenditures of Presidential candidates. The humor of the thing is that you can be elected President of this country on one-tenth what it costs to be elected Senator.

Old Prince Carol is still on the front page, so I can see a lecture tour in America for him next fall. Tax relief, farm relief, flood relief, dam relief, none of these have been settled, but they are getting them in shape for consideration at the next session of Congress with the hope that those needing relief perhaps will have conveniently died in the meantime.

Yours,
WILL ROGERS.

INDIANA GOES TO WATSON

Hoover Trails by Close Vote

Robinson and Stump Win Senatorial Nominations Without Difficulty

Republican Governorship Race to Be Settled at State Convention Later

INDIANAPOLIS, May 9. (AP)—Senator Watson tonight virtually was assured of Indiana's Republican nomination at the national convention in his contest with Herbert Hoover in Tuesday's Presidential primary.

Returns from 372 of the State's 810 precincts give Senator Watson 26,618 votes; Hoover, 13,870. As late returns came in the favorite son-Republican candidate slowly drew away from Hoover, the plurality being more than 20,000. Hoover, headed by Oscar G. Feilinger, Port Wayne, the Commerce Secretary's Indiana manager, conceded victory, but felt that in the event Watson fails to receive serious consideration in the national convention, he would support Evans Woolen, Indianapolis banker, who was not opposed for the Democratic Presidential nomination in Indiana. He had polled 117,344 votes in 255 precincts.

GLURS CAST AT HOOVER

Senators Quiz Secretary

Campaign Fund Committee Hurls Innuendoes Which Candidate Resents

Personal Expenses Below \$200, He Says, Denying Knowledge of Gifts

WASHINGTON, May 9. (AP)—Herbert Hoover was bombarded with questions by the five members of the special Senate Campaign Funds Committee today regarding his campaign for the Republican nomination for President.

The Commerce Secretary, who occupied the witness chair for more than an hour, testified that he had made no personal expenditures to advance his cause other than \$100 or \$200 for telephone calls and other incidental expenses.

Explaining that he had left to volunteering friends and admirers the formation of organizations in the various States to work in his behalf, Hoover suggested that the committee call in James W. Good, former Iowa Representative and for some weeks directing head of his national campaign, for detailed information.

SMITH TO BE QUIZZED

Having examined the leading candidate for the Republican nomination, the committee arranged to go to New York City overnight to take the testimony there tomorrow of the leading candidate for the Democratic nomination—Gov. Alfred E. Smith. He and his campaign manager, George Van Name, will be heard at the Commodore Hotel.

Time and again during the intensive questioning by both Republicans and Democrats on the committee Hoover, who has entered primaries in three States against Senatorial favorite sons, showed flashes of fire and once drew from Senator Dale, Republican of Vermont, the suggestion that he seemed "rather resentful of the proceedings of this committee."

HOOVER'S ATTITUDE

"I have no resentment of it," Hoover assured him. "I feel the committee is going into rather minor details which I think it could obtain from the men who are conducting this movement for me among the American people."

Proudly the Secretary had appeared aroused by an inquiry as to whether he had called a conference of china manufacturers last fall in Washington to recommend an increase in the price of their commodities.

"No, sir," Hoover said to Senator Herdley, Democrat of Kentucky. "The suggestion that the Department of Commerce recommended any increase in prices is grotesque."

"Did you recommend an increase in the price of china 15 per cent?" the Kentucky pursued.

"I did not," was the reply. "And I can say that most emphatically. I wonder if the gentlemen of the committee aren't getting down to dealing in a pretty low type of street slander."

SENATOR'S DISCLAIMER

This brought from Barkley a disclaimer that he was undertaking to embarrass the Secretary. He explained that the questions he was propounding had been suggested to him by responsible persons. He said also that he had not sought a place on the committee and had been consulted about his appointment he would have "shunned it."

Chairman Stetler broke in to tell Hoover that it had been reported that the manufacturers of china had contributed to his campaign and that for this reason he had permitted Barkley's question.

The Secretary of Commerce, who was on the stand more than twice as long as any of the other ten candidates for the Presidential nomination thus far examined, stated emphatically that he had made no promises of patronage in return for political support.

"And none will be made during the campaign," Chairman Stetler asked.

"Certainly no promises will be made," Hoover said. He started to extend that statement but said he (Continued on Page 2, Column 4)

NO PLEDGES

"Certainly no promises will be made," Hoover said. He started to extend that statement but said he (Continued on Page 2, Column 4)

PALMER OUTWITTED BY SON

Scion of Wealthy Chicago Family Marries Florida Girl Despite Flood of Wires to Stop License

SARASOTA (Fla.) May 9. (Exclusive)—Chased by telegrams all over the State and finally outwitting his family's frantic efforts to stop the marriage, Potter D'Orsay Palmer, 23 years of age, son of Mr. and Mrs. Robert Palmer of Chicago and Sarasota, returned here this morning with his bride, Miss Eleanor Goldsmith, 16, a high-school girl. They were married at Fort Meade by a justice of the peace yesterday after the sixty-seven county judges in Florida had been asked by telegram by the secretary at the Palmer home not to issue them a license.

The telegrams thwarted several attempts to obtain the license, but Young Palmer, driving from county to county, finally got a marriage certificate at Bartow. After their return here the couple went immediately to the Palmer home and friends of the family kept them in seclusion from photographers and reporters.

The bride is a daughter of an employee of a water bottling plant here. Young Palmer is said to be of an adventurous type and has served for several years as a game warden in Sarasota county. His parents left here several days ago for Chicago, after spending the winter.

She Doesn't Really Mind!

MISSING HEIRESS RETURNS

Mrs. Linforth-Threlkeld, Object of Six-Day Search, Hints Romance With Horseman Ended

SAN FRANCISCO, May 9. (Exclusive)—Mrs. Waltra Linforth-Threlkeld, known to wealth and society the length of the Pacific Coast, reappeared here today after a secret but extensive search had been conducted for her for the past six days.

AMERICANS PRESENTED TO ROYALTY

Mrs. Brousseau, D.A.R. Head, Among Those at King George's Levee

LONDON, May 9. (AP)—Buckingham Palace was agitated with the display of its second court of the season tonight.

Most of those invited tonight were from the official circles, whereas yesterday the diplomatic and foreign circles predominated.

There was the same long line of limousines with guests stretching through St. James Park. Many occupants might have been seen eating sandwich suppers as they waited away the tedious wait.

The Queen tonight wore a dress of handwoven Indian tissue brocade, embroidered in a soft pastel shade, with a train of jeweled cloth of gold. Her coronet was of pearl and diamonds and her ornaments solely pearls.

The King wore the scarlet uniform of a colonel of the Scots Guards.

Americans presented tonight included Mrs. John D. Stetson, Jr., wife of the American Minister to Poland; Mrs. Alfred J. O. Broussard of Washington, Miss Virginia Booth of Detroit, Miss Katherine Bullock of Denver, Miss Evelyn B. Clark of New York City and Miss Diana Rockwood of Indianapolis.

LIQUOR WAREHOUSE BURNS

NOGALES (Ariz.) May 9. (AP)—The wholesale liquor house of Martin and Vasquez at Nogales, Son., across the Mexican border here, was partly burned this morning with an estimated loss of \$25,000.

FATHER MAKES TRIP

Coincidentally, Walter Linforth, father of Mrs. Threlkeld and a prominent local attorney, arrived in Los Angeles. He denied that he was seeking his daughter, but information here was to the contrary. Furthermore it appeared that Linforth had gone south on a train which passed the northbound one on which Mrs. Threlkeld evidently returned to San Francisco.

Obviously every effort which entered the mind of those directly concerned had been made to keep the situation from becoming public knowledge. Police and private detectives had been employed of importunate to search for the missing, wealthy and beautiful young woman. The gist of their information was that they had "been told to keep their mouths shut."

ALASKA CITIES FEEL TREMBOR

DAWSON (Y. T.) May 9. (AP)—For the first time since 1911 a slight earthquake shock was recorded throughout the Yukon gold district at 5:35 p.m. yesterday. The tremor was felt in Dawson, Gravelly, Quartz Creek and other outlying camps. A low rumble accompanied the quake.

SPANISH FLYERS TO GO EAST INSTEAD OF WEST

SEVILLE (Spain) May 9. (AP)—The Spanish aviators, Capt. Iglesias and Jimenez, all ready for an attempt to break the long-distance flight and duration flight records, have decided to abandon a plan to make a trans-Atlantic flight to Havana, considering the chances of success too uncertain. Instead they will take off early tomorrow if weather conditions are favorable in the direction of India.

Many of the best used cars are advertised exclusively in TIMES WANT ADS.

BLOW AT JAPAN IMPENDS AS CHINA STRIFE HALTS

Northerners Suspend Hostilities; Southerners in Withdrawal; Chang Pleads for Unity

PEKING, May 9. (Exclusive)—The Northern Chinese armies were ordered by Gen. Chang Tso-Lin today to suspend hostilities owing to the prospect that the factions may unite against Japan, while the southern armies apparently have withdrawn from contact with the Shantung railway for similar reasons. No word of hostilities in Shantung was received today and it is believed both sides are forming for a double blow unless Japan recants.

Gen. Chang's action takes the form of a circular telegram addressed to the civil and military authorities in the entire country, but does not mention Japan. The northern generalissimo says civil war has been going on since the Communists attempted to ruin the country, with the southern army promising undergoing indescribable suffering.

ORDER TO TROOPS

The generalissimo adds that it is highly regrettable that foreigners are involved in China's domestic struggles, so, in view of the situation, he has ordered his troops immediately to cease hostilities. He is willing to be not incident regarding national politics (this forecasts his early, if not immediate, return to Manchuria), and concludes with the statement that the civil strife is sinking rapidly, and he hopes the people will come to their senses and save the country from destruction.

SOME OBSERVERS believe the northern dictator's retirement is due to the hopeless prospect of checking the Nationalists, while others believe that it paves the way to a united front against Japan. Since it was only a tactical retreat, it is impossible to obtain the reactions of the foreign representatives, but certainly the northern dictatorship is ending, hence there is a apprehension in all legation quarters.

ONLY JAPANESE REMAIN

All foreigners, except Japanese, are out of the way of trouble, but the consuls remain.

Throughout China there are boycotts and other demonstrations of unfriendly feeling toward the Japanese, who are concentrating at the consulates and on warships. Peking and Tientsin are quiet, owing to the suppression of all meetings.

The Nationalists have formally replied to the Japanese that they cannot evacuate the railway zone. It is believed their withdrawal is due to Gen. Chiang Kai-shek's effort to replace the radical elements. Although there are disclosures along the railway, there is no word of encounters, except at the western end, and these are minor.

CAROL GETS ULTIMATUM BY ENGLAND

Prince Warned to Leave at Once or be Deported; Peasant Legion Home

GODSTONE (Eng.) May 9. (AP)—A high police official visited Prince Carol of Rumania here tonight and warned him that if he delays his departure from England the Home Office order for his deportation will be enforced against him.

PEASANT LEGION HOME AFTER LONG MARCH

BUCHAREST, May 9. (AP)—Weary and sore footed after their memorable march from Alba Iulia to attend Sunday's historical people's referendum, Rumania's legion of peasants returned to their farms today to resume spring cultivation. Order prevailed everywhere.

The political deadlock between the Liberals and Peasants' party continues, Julius Maniu, the Peasant leader, not yet having presented the ultimatum to the government demanding overthrow of the Bratianu ministry.

The Peasants' party announced it will continue its campaign more intensively to overthrow the Cabinet, but in what form this campaign will be made was not stated. M. Maniu today protested to the government against the "unendurable censorship" and upon his instructions Peasant papers have ceased printing altogether.

CHICAGO PLANS AERIAL HIGHWAY OVER RAILWAYS

CHICAGO, May 9. (AP)—Broad highways, fifty feet in the air, following the railroad trunk lines which radiate from Chicago's congested loop district to the suburbs, were proposed today in a report submitted by an Aldermen's committee to the City Council.

The report stressed the use of the air rights over railroad lines with the highways so constructed so as not to disturb any terminal facilities.

It was thought the total expenditure would run as high as \$200,000,000.

NEW NAVY DEPOT PLAN CONSIDERED

WASHINGTON, May 9. (AP)—The House Naval Committee took up in executive session today the recommendation of the Navy Department that an ammunition storage depot be located at Hawthorne, Nev. No decision was reached and the subject will be discussed later.

Argument of the department for selection of this site were presented by Rear-Admiral Luther E. Gregory, chief of civil engineers of the Navy. Representative Harry I. Englebright of California appeared to urge the depot be located at Secret Valley, Cal., instead of at Hawthorne.

NOTED PREACHER DIES

MIDDLESBORO (Ky.) May 9. (AP)—Rev. L. L. Pickett, 69 years of age, of the Methodist Episcopal Church South, Wilmore, Ky., once a candidate for Vice-President, died at the prohibition clinic, it is dead here.

CHAMPION SOLO FLYER DIES

Royal V. Thomas and Mechanic Killed When Plane Falls at New Jersey Field

TETERBORO AIRPORT, HESBROUCK HEIGHTS (N. J.) May 9. (AP)—The career of Royal V. Thomas, whose efforts in the cause of aviation have blazed his name on the roster of great flyers, was ended today in instant death in the crash of his Bellanca monoplane Reliance. With him died Vaughn Weatherley, mechanic in the employ of the Wright Aeronautical Corporation.

It was in the Reliance that Thomas set a solo endurance record at Roosevelt Field, N. Y., last week by staying in the air for 25h. 24m. and 59s. He had attempted single-handed to break the record of 33h. 26m. and 41s., recently established by Eddie Stinson and George Haldeman, placing a noose around his neck to choke him into wakefulness should he fall asleep while his plane circled the field. A broken gasoline gauge, however, brought his effort to an end after he had beaten the solo-flight record made by Col. Charles A. Lindbergh on his flight to Paris.

Thomas immediately began to prepare for another attempt the latter part of this week. Exactly what caused the plane to crash was not learned. Some witnesses said one of the wings crumbled as Thomas banked sharply to turn at

INDIANA'S VOTE EXPECTED TO BE HOOVER'S IN END

Delegation at Kansas City Likely to Desert Watson on Early Ballot; His Grip on State Weakened

By ROBERT B. ARMSTRONG
Times Staff Correspondent

WASHINGTON, May 9. (Exclusive)—Hoover headquarters, both here and in Indiana, conceded today that the Indiana delegates are lost to Hoover on the first ballot at Kansas City, but expect them to be unconditionally released when Senator Watson has failed to show any strength. The Hoover advisers believe that the small majority by which Watson won his home State is national notice that his hold on the Indiana voters has greatly weakened and his control of the delegation will be brief and without results. It is believed that it will be almost impossible to have them delivered en bloc to Lowden, Dawes or any other one candidate.

Former Representative Good, head of the Hoover headquarters in Washington, late this afternoon issued this statement:

"Secretary Hoover has made a remarkable showing of popular strength in Indiana. While final figures are not yet available, it is evident that the result is close."

That Mr. Hoover should have been able to roll up so great a vote in a contest with a powerful, well-invested organization in the home State of an opposing candidate is one of the most striking evidences yet adduced of Secretary Hoover's strength with the Republican rank and file.

Secretary Hoover was confronted in Indiana with the necessity either of entering the primary or surrendering the delegation without a struggle to the opposition. It was freely predicted at the time of Mr. Hoover's entry that he would lose every county in the State and be defeated by a majority of 150,000. Instead he has developed a strength which made the contest an exceedingly close one, edging prestige to his candidacy through the revelation that even against a favorite son candidate—backed by a powerful organization which has been years in building, and supported by the combined opposition—he was able to divide almost evenly the vote of the State.

Senator Moore of New Hampshire who will go to the Kansas City convention, said:

"There is no chance for the Republican Governorship race to be settled until the State convention later in the month, since the combined total of the nine men who trailed Frederick E. Schortemeyer of Indianapolis is much heavier than the plurality polled by the leader. Followers of Frank C. Dales, Indianapolis, hold only faint hope that he will advance his plurality enough to exceed the combined total of the other six Democratic gubernatorial contenders. Unless unexpected strength springs to Dales in belated returns, the Democratic Governorship contest too, must go to the State convention, in early June."

Schortemeyer's total in the Republican Governorship race is 77,773 in 3033 precincts. Frederick Lantieri of Indianapolis, former Congressman, is second with 66,933. Thomas H. Adams, Vincennes publisher, and political-corruption crusader, is third with 50,657.

TWO-TO-ONE VOTE POLLED

Dales polled nearly a two-to-one greater vote than John E. Frederick of Kokomo, his nearest challenger, in 1860 precincts. His total was 32,280, as compared with 33,928 for Frederick.

Of vital importance to the gubernatorial candidates of each party was the election of State convention delegates which took place yesterday. The checking of the long ballots proceeded so slowly that meeting was forthcoming on the situation tonight.

In conceding Indiana's thirty-three delegates to the National Republican Convention to Senator Watson, Follinger asserted that although beaten, the Commerce Secretary nevertheless "won a great victory."

"As opposition (to Hoover) met not only one of the most powerful political machines in the United States, but also the combined strength of all other Presidential candidates," the statement continued. "That he lost by a small number of votes is a tribute to his popularity as a man, an executive, a humanitarian, and an American."

CONGRATULATIONS OFFERED

"Senator Watson is to be congratulated. We offer nothing but the best wishes of the Hoover camp in Indiana. We do not believe the Senator has a chance to be nominated, but as Hoovers we extend him the best of luck and ask only one thing, namely, that after his name passes out of the national convention, that he release Indiana's thirty-three delegates."

"There were but two candidates

GAME'S CRISIS DUE IN DECADE

Participant in Chess Contest Between Universities Gives Opinion

BERKELEY, May 9. (AP)—In another decade or so the long-distance chess game between the University of California and Stanford University may reach a crisis, in the opinion of Fred Christensen of Berkeley. He is the only one left of the original team of seven who started the game in January, 1925.

Every day at noon the team decides on a move and mails it to Stanford. Then Stanford sends back an answering move. Christensen said today he believes University of California has a slight advantage now.

Watson placed first and Hoover second. It is a moral duty on the part of Senator Watson to permit the thirty-three delegates to go to Herbert Hoover after the Senator is eliminated. To give those votes to any other candidate will be to mislead the voters of the State of Indiana has paid the Senator.

INDIANAPOLIS FOR HOOVER

Because of the political competition between Watson and Hoover (Indianapolis) in the last two years, a great deal of interest centered on the vote cast within its boundaries. Some surprise was expressed that Hoover topped Watson on the face of returns from 128 of 369 precincts. The vote at that juncture was 12,773 for Watson, 17,057 for Hoover, the Democrat, obtained 14,161 from 187 precincts.

The county grand jury today took up the case of the vote fraud. Ralph Updike, Seventh District Congressman, is leading Archibald Hall by a small margin, incomplete returns show. Louis Lowden, former president of the National Press Club, appears a winner on the Democratic ticket for the Seventh District in the gubernatorial nomination.

WATSON STATEMENT

The first statement from the "Watson-for-President" headquarters since the primary was issued tonight by M. Burt Thurman, national manager for the Commerce Secretary.

The statement follows in part: "Senator Watson's victory in Tuesday's primary election was indeed very gratifying. Our campaign was conducted without malice and with a view of maintaining party harmony after the primary contest. It is my hope that our desire for party harmony be fulfilled in order that all Republicans who supported both Senator Watson and Secretary Hoover may work at the November election, giving loyal support to the Republican nominees."

Having won Indiana, our thoughts now will be concentrated on nominating James E. Watson as the Republican Presidential candidate at Kansas City. Our prospects for sending a Hoosier to the White House are exceedingly bright and I am firmly convinced that Senator Watson will emerge the victor at the national convention."

STEWART ASKED TO RESIGN POST

(Continued from First Page)

of the naval oil reserves scandal, startled high circles of the oil industry.

The younger Rockefeller is a heavy stockholder in Standard of Indiana, and is generally acknowledged the outstanding individual influence in the industry as a whole.

STEWART LEAVES EAST

Col. Stewart left New York this afternoon after several conferences believed to have been in connection with the move for his resignation, but before it became public.

There was no information whether he intends to accede to Mr. Rockefeller's request.

The Rockefeller statement is interpreted by some as indicating the possibility of a hot fight among the 52,000 stockholders before the matter is settled. These observers cite the possibility mentioned by Mr. Rockefeller of a special meeting being called at which the stockholders "might have an opportunity to express themselves."

Mr. Rockefeller based his action on Col. Stewart's recent testimony before the Senate committee which at the time was delving into the operations of the Continental Trading Company, specially organized to handle naval reserve royalty oil.

WALSH GRATIFIED THAT PUBLIC HAS CONCERN

WASHINGTON, May 9. (AP)—"It is reassuring to know that the public is not indifferent to transgressions such as those disclosed, Senator Walsh, Democrat, Montana, prosecutor of the Senate Teapot Dome committee said, when informed of the action of John D. Rockefeller, Jr., in requesting the resignation of Robert W. Stewart as chairman of the board of the Standard Oil Company of Indiana."

"That with the ringing speech yesterday by Judge Parker (Edwin Parker before the United States Chamber of Commerce), is gratifying evidence that the business world is waking up to the enormity of the offenses revealed by the committee," the Montana Senator added.

"The result of the criminal trials might have been different if the public conscience had been earlier aroused by expressions such as those referred to."

COL. STEWART 'NOT HOME' AT CHICAGO RESIDENCE

CHICAGO, May 9. (Exclusive)—Col. Robert W. Stewart was said to be "not at home" tonight. At his apartment at 190 Lake Shore Drive it was stated that the chairman of the board of the Standard Oil of Indiana is out of the city. Information as to where he might be reached by wire was refused.

HOOVER IN TILT AT FUND INQUIRY

Campaign Expense Slight, He Tells Senators

Pledges for Cabinet Place Denied by Secretary

Flashes of Fire Shown by Candidate at Hearing

(Continued from First Page)

supposed he had better not say any more.

"Go right ahead, Mr. Secretary," the chairman said. "We are grateful to you for your co-operation."

"Well, if any one had suggested that to the outside of an important inquiry," Hoover said, "I would regard it as rather offensive."

Later in the examination the candidate asked by Senator Barkley whether any idea on the part of some men that they might be members of Hoover's cabinet in the event of his election was to be credited entirely to their own optimism.

RESENTS IMPLICATION

Agreeing that this was the situation, Hoover added:

"I don't resent you asking that but I rather resent the implication."

Besides hearing Secretary Hoover, the committee received from Ed S. Phillips, Kansas City, treasurer of the Senate Republican Club, a statement showing total receipts of \$1,114 and total expenditures of \$31,162, to May 5.

The largest contributions were from August Bush, and Otto Mathis, St. Louis, and E. Drake, Kansas City, each of whom gave \$500. The funds came from thirty-three different persons, all of whom Hoover said are personal friends of the Senator. He asserted that none of them was interested in legislation.

Illinois's expenditure statement showed that \$690 was sent to California where Senator Reed ran second to Gov. Smith in the preferential primary and that \$1,000 had been spent in the State of Washington headquarters of the Reed organization.

At one point Hoover and the committee heard a company of investigators were asking as to the identity of a Senator with whom Hoover said he had talked about the telephone call to the West Virginia headquarters of the Reed organization.

Pressed by both Barkley and Bratton, Democrat of New Mexico, as to the name of the informant Hoover said he would not say definitely at this time and that he would want time to check up as he had talked to at least half a dozen persons about the West Virginia situation.

QUESTION OF GOOD FAITH

When Hoover declared that he considered his conversation with the unidentified Senator as confidential and that he would be unwilling to disclose his name without his permission, Bratton asked him point blank whether he would disclose the full name of the Senator involved was unwilling to have this done.

"I will consider it," Hoover said. Bratton asked whether he would disclose the name of the Senator involved was unwilling to have this done.

"I don't know," Hoover said. Bratton asked whether he would disclose the name of the Senator involved was unwilling to have this done.

"The committee disagrees with you on that," Bratton replied. Hoover persisted, adding that he had expressed a willingness to cooperate fully with the committee. There the subject rested.

HEADS SOUGHT

Much of the questioning revolved around the identity of the directing heads of the Commerce Secretary's campaign activities in Indiana.

Hoover said he never had any business relations with Goodrich, but that some years ago he had been asked to accept a position in the finance area of Russia.

"Did he make a large amount of money out of Russia?" Hoover asked. "I think he did," Senator Barkley asked.

"He did not," Hoover snapped. As for Hays, Hoover said he had practically no interest in his campaign, and he stated emphatically that he had no understanding with the directing manager of the motion-picture industry as to what would be made of pictures to advance his campaign in the event of his nomination.

ADAMS OUT OF IT

Adams, the committee was informed, has no connection with the Hoover-for-President organization. He has been in Europe for three months.

"If it was said that Lookwood was receiving \$10,000 a year for aiding your campaign what would you say about that?" inquired Senator Barkley.

"I know nothing about that," Hoover replied. "As I have said, he is a volunteer serving without pay."

SCHOOL HONOR GOES TO GIRLS

Outnumbered by Boys in All Classes, Yet They Get Highest Rank

SACRAMENTO, May 9. (AP)—California girls, outnumbered by boys in every class in the State's elementary schools, have walked away with graduation honors, the State Superintendent finds in studying county reports.

The total enrollment for elementary schools shows 333,733 boys and 312,979 girls during 1936-37, but when diplomas were distributed last graduation day girls claimed 19,302 out of a total of 38,403.

Activities for the nomination "Approximately."

"You had it in mind before that time, didn't you?"

"My candidacy probably was more in the minds of my friends than in my own. No man can be ashamed of having his friends mentioning him for that honor."

PERIL TO JAPAN IN CHINA LULL

(Continued from First Page)

governor of the province of Anhwei and commanded the three Nationalist armies which succeeded in cutting the Shantung railway April 30, last, at Ninghsu.

DISARMING NATIONALISTS

The Japanese are continuing today their attempts to disarm the Nationalists as rapidly as they can. They are doing this in the entire Tsinan area. The Mikado's forces have occupied the bridge across the Yellow River at Tsinan and other strategic points of the province.

SHOOTING SURPRISE

He was greatly surprised Thursday night, he says, on returning from Gen. Chiang Kai Shek's headquarters to find there was shooting going on on all sides.

His statement continues with a narration of efforts to stop the firing, and he reiterates the story of the murder and mutilation of the newly appointed Shantung foreign commissioner.

BOMBARDMENT OF CITY REPORTED

NANKING (China) May 9. (AP)—The Nationalist news agency publishes a report—not confirmed from any other source—of a Japanese bombardment of the city of Tsinan for three hours yesterday, killing more than 500 persons. Many houses in the western section of the city, the report says, were destroyed.

JAPAN-NATIONALIST HOSTILITIES QUIETED

LONDON, May 9. (AP)—In the Chinese Province of Shantung the hostilities between Japan and the Chinese Nationalists have apparently been quieted. One report has it today that the Japanese have cleared the Shantung railway to all disturbances.

In the meantime the Tokyo government, with the sanction of the Emperor, has dispatched a full division to Tsinan-lao to reinforce the few thousand Japanese troops now in Shantung. Japanese warships also are proceeding to Chinese ports or are already there, and there has been no let-up in Japanese preparations to carry out their promises to protect their nationals and other foreign residents.

It is possible that a protest will be filed at Geneva by China on the Japanese military action in Shantung. Cheng Lou, Chinese member of the League Council, said today that possibly the north and south will unite in submitting the matter to the League.

AMERICAN AND BRITON HAVE NARROW ESCAPES

TSING-TAO (China) May 9. (AP)—Thrilling times and narrow escapes were experienced by an American missionary and a famine-relief investigator during the fighting last week at Tsinan between the Chinese and the Japanese.

Rev. C. O. Cooley of the National Holiness Mission, stationed at Tungchang, fifty miles southwest of Tsinan, was in Tsinan on the 2nd inst., staying at Stein's Hotel, which subsequently was plundered. When the hotel became the center of a battle between the Nationalists and the Japanese the guests were at lunch. A party of Nationalists, armed with machine guns, entered the hotel and ransacked the place.

Meanwhile Japanese troops, who previously had been guarding the hotel but had been withdrawn, decided to recapture it and Mr. Cooley found himself between two fires. He fled from room to room, dodging bullets, and finally escaped over a back wall and took refuge in the German Consulate.

He arrived at the Japanese military station in Tsinan on the 1st inst. Investigating famine conditions in Tsinan, he was caught in the fighting near the railway station between the Nationalists and the Japanese soldiers. He was returning to his hotel from the telegraph office.

SMITH GETS ONE ALABAMA VOTE

Last Dich Opponents of New Yorker Win

Heflin's Foo Apparently Named at Primary

National Committee Contest Extremely Close

BIRMINGHAM (Ala.) May 9. (AP)—The "instructed delegation" faction, or so-called anti-Smith wing, apparently has captured the majority of Alabama's delegation to the Houston convention on the face of incomplete returns today from yesterday's Democratic primary.

Running on the instruction platform, which was lost before the executive committee meeting some time ago, the three leading candidates for delegate-at-large are well out in front of the field of fifteen men who offered for the four places.

A. H. Carmichael, Tusculum, Tenn., won with 58,646 votes, or the approximately 350 precincts tabulated, which include most of the large city vote and widely scattered country. Harry M. Ayers ran next with 30,342 votes, with Borden Burr third on a count of 28,571.

The anti-instruction wing apparently has gained one of the four places with Mayor Gunter of Montgomery, antagonist of Senator Heflin, maintaining his fourth position of 17,773 votes.

Grabam Perdue and Samuel Dawson, instruction candidates for delegates from the Ninth Congressional District, secured 15,000 places on the delegation with most of the vote accounted for. Reports from several other districts where compilation of returns has been scattering indicate the instruction ticket carried with majorities.

The close race developing from the primary is being watched by the Democratic National Committee, and Watt Brown, seeking the post of national committeeman. The official count probably will be required to determine the outcome.

MONTANA DELEGATES MAINLY UNINSTRUCTED

HELENA (Mont.) May 9. (AP)—Incomplete returns from counties indicated today that county delegations to the Republican and Democratic State conventions the 15th inst., elected yesterday, were largely uninstructed.

In a few counties where the delegations were instructed the instructions were for Gov. Smith and Frank O. Lowden.

SMITH GETS MICHIGAN'S STAND-PAID DELEGATION

PORT HURON (Mich.) May 9. (AP)—Michigan's thirty votes in the Democratic National Convention at Houston today were pledged to Gov. Al Smith "as long as his name is before the convention."

The twenty-six district delegates with one vote each and eight delegates-at-large, the latter with a half vote each, were instructed unconditionally for Smith at the party's State convention here today.

The vociferous acclaim which greeted every mention of the New York Governor's name, dropped to a low level when the delegates to the floor and when a "stand pat" Smith resolution was put to a vote, not a dissenting voice was raised.

ALABAMA DEMOCRATS TO GO UNINSTRUCTED

JACKSON (Miss.) May 9. (AP)—Democratic county conventions were held in Mississippi today to select delegates to the State convention at Jackson June 5, with indications that many of the delegates would go uninstructed.

Senator Pat Harrison, Mississippi's favorite son for the Presidential nomination, already has the endorsement of the State Democratic Executive Committee, of which W. Calvin Wells of Jackson is chairman.

Further reports from the county conventions were awaited to determine the results of a campaign waged by the Ku Klux Klan for a State delegation instructed against and "wet" Federal candidates or nominees. The Klan openly opposed the nomination of Gov. Smith of New York or Senator Reed of Missouri, because of the stand on prohibition. The State convention will select delegates, alternates, Presidential electors, a National Committee member and a National Committee woman to the Houston convention.

Presidio Aide Dies Suddenly

SAN FRANCISCO, May 9. (Exclusive)—Maj. Roberts Donaldson, assistant to the chief of staff at the Presidio, died at Letterman Hospital suddenly today of heart disease. He had entered the military hospital for treatment only a few hours before his collapse. He had been an ardent yachtsman and it was believed that overexertion had led to his illness.

Maj. Donaldson was graduated from West Point in 1900 after his previous graduation from the University of Illinois. He was commissioned a second lieutenant of cavalry in 1908 and later was transferred to field artillery service. He held the temporary rank of lieutenant colonel in France during the World War and had been at the Presidio since July 20, 1927. He was 44 years of age and a native of Watertown, N. D.

Fox Defiant in Film Suit

ATLANTA (Ga.) May 9. (AP)—Chaffing conspiracy in restraint of trade P. V. Kelley, motion-picture exhibitor of Auburn, Ga., today filed suit in Federal court here against the Fox Film Company, Inc., and twelve other distributors' agencies here, seeking damages of \$100,000.

Existence of powerful monopoly which requires the exhibitor to sign a standardized contract for films that is wholly unjust, was averred in the petition, which asserted that by concerted action the defendants' members of the Atlanta Film Board of Trade, cut off his film service last March 3.

TERRORISTS AMBUSH

Driver Slugged and Auto Burned Worth \$5000 in Chicago Cleanse

CHICAGO, May 9. (Exclusive)—Three armed hoodlums ambushed a taxicab driver, slugging him and burning his car, worth \$5,000, today, during a "cleanse" of the city.

The attack occurred with a bold flourish while startled passers-by looked on. It was the second truckload of garments destroyed in a week by the racketeers, who have been unable to force the Central company to enter their organization and force it to pay them 50 cents on each garment handled.

Albert Robbins was driving the truck when a sedan containing three men forced him to the curb at Seventy-eighth street and Stony Island avenue. The trio leaped out, brandishing revolvers. Unmindful of auto traffic that flowed past and startled pedestrians who halted, they took Robbins in custody and drove the two machines to Seventy-sixth street and East End avenue.

There gasoline was poured over the truck, a match applied and the sedan was slugged, robbed of \$66 and thrown to the street, after which the three departed. Witnesses to the attack called the police and firemen, but the truck was destroyed when they arrived. Robbins was taken to a hospital.

The racketeers have carried on a bitter campaign since the Central company, two of its drivers were slugged when a truck was burned a week ago and one was badly burned when he was taken to the hospital.

It is said that all cleaning shops belonging to the racketeer association have been forced to raise their prices 50 cents a garment to cover the racketeer's cut. Thus, it is said, of the \$1.15 paid for cleaning a man's suit, 50 cents goes to the racketeer.

TAMMANY PUTS BRAND ON PHELAN

He Has Swallowed "Tiger" and Says Convention at Houston Must Do It

SAN FRANCISCO, May 9. (Exclusive)—"If you accept Smith you must swallow Tammany," James D. Phelan, former United States Senator, told the delegates to the California State convention today in a speech which was a scathing attack on the Tammany machine.

"Tammany is an organization able to deliver New York City to the Democratic candidate," Phelan added. "If Tammany was an evil in the past it has not developed any evil today. Tammany did not improve upon the worst of its wickedness. Tammany takes its cue from Smith."

He characterized Smith as the leader and not the follower of Tammany.

"I have swallowed Tammany," he declared.

It was Phelan who nominated William Gibbs McAdoo for the Presidency in 1924. This year McAdoo headed the delegation in the primary election to support Senator Walsh of Montana.

BABY PREVENTS RESCUE

CHICO, May 9. (AP)—Mrs. Ruth Hendrix, wife of A. J. Hendrix of Chico, was crowned in the Sacramento River five miles west of here tonight. Mrs. Hendrix fell from a high bank. Her husband was hindered in making a rescue by the necessity of keeping an 18-month-old son from jumping into the river with his mother.

WILBUR ADMITS NAVY WEAKNESS

United States Lags Behind
on Super-Destroyer

Japan Now Leading World
in This Class

Pacifists Given Blame for
Crippled Condition

WASHINGTON, May 9. (Exclusive)—Press reports from London stating that modern Japanese destroyers far outclass the fastest and most powerful American warships of this class were today characterized as only "too true" by Secretary of the Navy Wilbur and other naval officials.

According to these officials the United States lags behind all the Washington treaty powers in the construction of the super-destroyer, the latest and most powerful post-war development in this class. While every other nation has several of these fast, powerful heavy "light cruisers" the United States has not a single ship, none building or approved for.

TAKES NAVAL HOLIDAY
While other nations have been building larger and more modern destroyers the United States has

GIRL OFFERING SELF TO HELP PARENTS WILL DISCUSS BID

MILWAUKEE, May 9. (AP)—Beatrice Albert, the 19-year-old girl of Siren, Wis., who offered to marry any man of good moral character who had \$5000 which could be used to drive poverty from the door of her parents, is in Milwaukee to "talk things over" with W. Wam Coyne, postmaster at the National Soldiers' Home here.

Coyne, 48 years of age, a veteran of the war with Spain, is among the hundreds who offered to aid the girl. When her request first was made public he sent her a check for \$500 and then paid her a visit at Siren. Miss Albert re-

turned his money and took under consideration his offer to help. Letters were exchanged and finally Miss Albert consented to marry him in Milwaukee.

"I want to adopt her as a daughter," said Coyne. "I have no one to leave my money to and I have had my fill of adventure. I want some of the responsibilities that every man should undertake—that of a home—and I feel that by adopting Beatrice I can be of service to her and her parents."

Miss Albert, however, insists she will not agree to adoption and that if she were to accept Coyne's proffered assistance it would be only on the condition of marriage.

Stanford to Hear German Savant

HAMBURG (Germany) May 9. (AP)—Prof. Robert Feisch, director of the Germanistic Seminary of the University of Hamburg, has been invited to give a course of Germanistic lectures at Stanford University during the summer of 1935.

INDIAN COURT SUITS AUTHORIZED IN BILLS

WASHINGTON, May 9. (AP)—The Senate Indian Affairs Committee today approved House bills to authorize the Attorney-General of California to bring suit in the Court of Claims on behalf of California Indians and to permit the Cowleys tribe of Washington to file suits in the Court of Claims.

RIVIERA BARS AMERICAN TARS

Mystery Death of Russian
Prince Sifted

Sailor's Hat Clew Results
in Embargo

Refugee's Body Found After
Cafe Brawl

NICE, May 9. (Exclusive)—Shore leave from American vessels on the Riviera has been stopped until an investigation clears up the mystery of the death of Prince Jean Kropotkin, found dead Monday night after a cafe brawl in which the single witness thus far found declares three men, one wearing an American sailor's hat, took part.

Prince Kropotkin was 38 years of age and formerly was a Russian cavalry officer in the Fifth Dragoons and with Gen. Wrangel's army. He was the nephew of the celebrated intellectual anarchist and author whose plots, adventures and escape from Siberia made the name of Kropotkin famous the world over. The Prince, who had been wounded and trapped, had come to the Riviera as a refugee and had been working in Nice in a motion picture studio as an electrician.

He was seen quarreling with three men in a cafe. All were ejected, the Prince's body being found later in a side street. Death was at first thought to be due to natural causes but examination showed a cerebral hemorrhage.

Desire for Home Brings Jail Cell

NEW YORK, May 9. (Exclusive)—His ambition to own a fashionable home in Mount Vernon, and a summer home on Long Island, led W. Sherman Lee, Jr., 38 years of age, of Mount Vernon, to Police Court today. There he was held in \$15,000 bail charged with the theft of a five-carat diamond ring worth \$12,000 from the store of Black, Starr and Frost, Fifth Avenue jeweler, by whom he was employed as a salesman.

He explained, police say, after his arrest, that he had taken the ring to finance the purchase of the two homes. His salary was \$125 a week and his employers said today they had intended raising his salary next month.

APPROVAL FOR COTTON BILL GIVEN

House Committee Votes
to Report Measure for
Regulating Futures

WASHINGTON, May 9. (AP)—The House Agriculture Committee today approved the Vinson bill to regulate futures transactions on cotton exchanges.

The measure, framed by Representative Vinson, Democrat, Georgia, would apply the present grain futures regulations to cotton exchanges.

The Secretary of Agriculture under the measure would have supervision of regulating the futures transactions and the power of investigating any violations of the measure's provisions.

The Secretary also would be empowered to conduct inquiries into any unfair practices or abuses to cotton planters in the operations of the cotton futures exchanges and, if deemed justifiable, to make public the result of his investigations except information which would disclose the business transactions of a single firm or person or any trade secrets.

Under amendments sponsored by Representatives Jones of Texas and Fulmer of South Carolina, Democrats, cotton planters would be relieved of paying freight charges on cotton future contract deliveries.

Heroes of War Given Insignia of High Order

LONDON, May 9. (AP)—Twelve of England's illustrious sons will be installed as Knights of the Grand Cross, Order of the Bath, in Westminster Abbey at noon tomorrow.

Among the group is Field Marshal Viscount Allenby, who in 1917 wrested Jerusalem from the modern Saracens and gained the acclaim of Christian nations. With Allenby will be Admiral of the Fleet Earl Jellicoe, who as commander-in-chief of the Grand Fleet during the war, kept the German men-of-war in their harbors.

Others to receive the award are Gen. Sir Joceline Wodehouse, Gen. John Maxwell, Lieut.-Gen. Sir Alfred Keogh, Admiral Sir Henry Jackson, Admiral Lord Webster Wemyss, Admiral Sir Charles Madden, Sir Eric Quest, Sir Hubert Llewellyn Smith, Sir Maurice Hankey and Baron Bradbury.

Famous for fine interior work, Barreled Sunlight now also available in a new form for exterior painting

THOUSANDS of satisfied users of Interior Barreled Sunlight have asked for an exterior paint of the same superior quality.

This instant demand has now been met with the new Outside Barreled Sunlight.

Like its famous companion product, Outside Barreled Sunlight remains white and new-looking long after ordinary paints have lost their beauty and freshness. It is intensely white, has remarkable "hiding power", flows freely and evenly, is durable and even-wearing.

Both Interior and Outside Barreled Sunlight are extremely easy to use. Dealers carry handy tubs of Barreled Sunlight Tinting Colors for tinting small quantities.

Interior Barreled Sunlight for a richly lustrous enamel finish washable as tile—Outside Barreled Sunlight for the very finest exterior painting.

BRININSTOOL
PAINT COMPANY

Makers of Fine Products Since 1895

908 SOUTH MAIN ST.

Tied With Hagen for
Fourth at Sandwich

HOWIE (Eng.) May 9. (AP)—
Mehlhorn, not the least
let the field home today

in the first round of the British open golf championship with a sensational 71 and came second, another North American home bred, was just behind his playmate with 72.

The Americans had it for the moment, for in third place was Jose Tura, under sized per from Buenos

with 74.

The day's play gave another showing how to Britain's best that taken from the new ball of the new world of a disadvantage in halting winds of British mastery.

through the bleak day—the Scotch called it—many showed native Britons' names. Tonight many experts of the ancient game are hearted at the thought that year may pass without the coming back home. Britain's prospects for retrieving it were able to crowd in among the three.

FIVE TIE FOR PLACE
Duncan, Sid Wingate, Compton and Percy Allan tie with Walter Hagen for place with scores of 75. Of British challengers Duncan has made the favorite, particularly mentioned on Page 3, Column 7.

Anzac Tennis Squad Beaten in Davis Cup

OSHOA, May 9. (P)—Australia was eliminated from the 1928 Davis Cup competition in the first round today by Italy when Baron De Motrop defeated Gerald Patterson, the veteran Australian star, 1-6, 6-4, 6-3, 2-6, 6-1. This gave Italy the third and deciding victory of the series.

Nibs Price to Retain Berth

BERKELEY (Cal.) May 9. (P)—Reports that a new football coach for the University of California was being considered in place of C. M. (Nibs) Price met with vigorous denial today. W. W. Monahan, graduate manager, issued the following statement: "Rumors that a successor is being sought to C. M. Price as head football coach at the University of California are absolutely without foundation. No change whatsoever has been contemplated and rumors that Knute Rockne or J. Dr. Clarence Spohn or any other person is being considered for the position are untrue."

LAYTON HOLDS LEAD OVER WILLIE HOPPE

NEW YORK, May 9. (P)—Johnny Layton, three-cushion billiard champion, still held his lead over Willie Hoppe in their special 600-point match tonight. At the end of the sixth block Layton had 300 points to 256 for Hoppe.

Seraphs Get Early Lead to Upset Sacramento, 5-3

Solons' Three Runs Scored After Dittmar's Boot

Sandberg Hits Freak Homer With Dittmar on Base

SACRAMENTO, May 9.—The Los Angeles and Hollywood entries in the Pacific Coast League may not have any particular love for each other when they get together on Wednesday field, but the hustling Angels did a brotherly act for the Stars today by walling the Sacramento Senators, 5 to 3, and allowing the Shells to climb back into first place.

BRUCE CUNNINGHAM

Cunningham is the lad who deserves the vote of thanks on behalf of the Hollywoodians, albeit that he had to be relieved from the box in the ninth inning to let Clyde Barfoot finish the engagement. For seven innings, Cunningham gave the season's best pitching exhibition in the local ball park. He weakened a little in the eighth frame, but even at that would have escaped being scored on except for an error by Dittmar. When Koehler walked and McLaughlin singled in the ninth, Manager Krug played cautious and sent Barfoot to the rescue. Barfoot pitched three balls to Severed and then made him hit into a double play.

On the other hand, Dave Keefe, who was on the slab for the Solons, was the victim of a combined poor pitching and hard luck. Ten hits were the Angels' answer to his choice of

HOLLYWOODERS SCALP INDIANS

Sheiks Pile Up Early Lead and Win by 10-4 Score

Collard and Best Hit Hard by Slugging Sheiks

Fourth Victory of Year is Turned in by McCabe

BY BOB HAY
Hollywood's Stars were shooting yesterday. Skipper Vili's slugging Sheiks pounded their way to a 10-4 triumph to even up the series with Seattle.

JULIAN WERN

The Stars completely recovered from their earlier ways of Tuesday, wasted no time separating the Indians from their scalp, uncoiling a barrage of base hits in the first four innings that routed two Seattle pitchers and produced nine Hollywood runs. Anytime you give Dick McCabe that many runs to work with, the way he's pitching these days, the ball game is in. And yesterday's contest was no exception.

ROMAN GOLFER LEADS WITH 72

Keller Shoots 73 to Take Second Low Gross

George Von Elm Finishes Strong for 75

Low Sixty-four in Final Eighteen Today

BY EDWARD LAWRENCE
Charles Seaver, one of L. A. High's battlin' Romans, who plays golf under the Los Angeles Country Club banner, came through with a 73 at Lakeside yesterday to lead the field at the end of the thirty-six holes of medal play for the Southern California amateur championship.

Until late in the afternoon, when Young Seaver turned in his card, it appeared that Leon Keller, one of Rancho's up and coming players, would take low-gross honors at the half-way point with a 72. Just how much they have improved in the short space of twelve months is shown by a comparison of their scores of a year ago at Los Angeles, when Keller had an 81 and Seaver an 83.

Their cards:

Par (out)	444 443 444-35
Seaver	444 432 535-39
Keller	445 432 545-39
Par (in)	483 543 443-35-70
Seaver	443 543 543-35-70
Keller	553 544 533-37-73

For some reason 74 was shunned by the golfing fraternity, while only three, George Von Elm, 1927 tiller, Nick Schaefer and J. M. Read shot 75's. Von Elm, favorite to cop medal laurels, used 36 strokes going out, but recovered brilliantly for a 36 coming in. Read, one of Fox Hills leading lights, did just the opposite, going out two under par for a sparkling 34, and coming back in 41. He took six strokes on the 35-yard thirteenth, which proved the nucleus of more than one ambitious golfer.

PADDOCK SURE OF STATUS

Charley Claims His Amateur Standing Will Stand Test in Film Mix-up

NEW YORK, May 9. (P)—Charley Paddock, famous California sprinter, is certain that his amateur status, now under some scrutiny by the Amateur Athletic Union as a result of his motion-picture personal appearance tour in the East, will stand the test.

In a statement to the Associated Press today, Paddock declared he "was not going to take any money out of the proposition and jeopardize my amateur status" at a time when he has his hopes set on making the American Olympic team for the third consecutive time.

Referring to his recent statement that any money he might make from a venture would be withheld until after the Olympics and paid him only with the approval of the A.A.U., Paddock said: "The actual money I might get for this picture is too small an amount to become professional and for and I have not changed my mind, reports from Boston to the contrary."

"I have nothing to worry about because I have not sacrificed my amateur status."

Paddock feels that he would be sustained and cleared of any wrongdoing by the South-

LOUGHRAN, LOMSKI TO BOX, MAYBE

Fugazy Signs Bout But Richard Claims He Will Hold Tommy Up

NEW YORK, May 9. (P)—Claiming an option until November on the services of Tommy Loughran, the world's light-heavyweight champion, Richard today announced he would take legal steps to prevent Loughran from fighting Leo Lomski, Aberdeen, when he comes to a rival promoter, Humbert Fugazy, at Ebbets Field, June 12.

Richard called his lawyers into consultation and issued his threat of seeking a legal injunction a few hours after Loughran had signed Fugazy for a fifteen-round title match. Lomski already had come to terms for a return bout with the champion he nearly knocked out last winter.

Richard exhibited his option, specifying the champion was not to engage in a title bout for any other promoter before November 1, 1928, without the written consent of the Madison Square Garden Corporation. It was signed January 9 by Loughran, his manager, Joe Smith and Jess McMahon, Richard's matchmaker.

Smith denied the option was ironclad and declared he would put the issue up to the boxing commission. Precedent established by that body favors Fugazy, who has the contracts for both fighters, whereas Richard has but one.

GRANVILLE COPS DERBY LAP

BUTLER (Ind.) May 9. (P)—Philip Granville, Canadian champion pedestrian, was the first transcontinental footcrazer to reach here today after traversing the 41.8 miles from Ligonier, Ind., in 5:30:22.

Granville, fourth in the bunions derby field of sixty-one, has covered 2870.7 miles in 40:44:04.

John Sale of Passaic, N. J., holder of third place, finished second for the day in 6:01:55. His elapsed time is 48:33:32. Gavuzzi, leader of the race; Payne, in second, and Louis Percella of Albany, who is ninth, ran a dead heat for third place today in 6:30:24. Gavuzzi's elapsed time of 48:10:26 retains his lead of 6:59:22 over Payne, whose

CONGRESS HELD POWERLESS TO HELP AGRICULTURIST

National Commerce Chamber Sees Relief Bills False Panaceas; Farmer Can Save Self

WASHINGTON, May 9. (P)—The problem of farm relief held the attention of today's session of the Chamber of Commerce of the United States with the business men generally conceding that the McNary-Haugen bill, now on the last lap of its legislative journey through Congress is not the panacea to restore agriculture to prosperity.

Dwight B. Heard, publisher of the Arizona Republican at Phoenix, who headed the chamber's advisory agriculture committee, declared in an address before the agriculture section of the organization that his group after an investigation of the McNary-Haugen measure or any other legislative remedy now before Congress. He proposed that a Federal farm board be created by the President to study the needs of agriculture and then make a comprehensive report to Congress to secure adequate legislation.

INVITING REBUFFS
In the face of what is considered an almost certain rebuff from the Senate, the chamber's finance group adopted a resolution recommending that the Federal corporate income tax be reduced to 10 per cent. The revenue bill adopted by the House provided a cut from 13 1/2 to 11 1/2 per cent, while Republicans in the Senate are championing a rate of 12 1/2 per cent. The resolution also advocated repeal of the Federal estate tax. Both provisions were in the nature of a protest of the chamber's position with respect to taxation.

An amendment sponsored by Meyer Rothchild of New York, calling upon Congress for legislation to refund to the taxpayers any material surplus available at the close of the fiscal year, also was adopted. In support of this proposal Rothchild said he questions "the right of the government to take from the taxpayers of the country one dollar more than is needed for the running of the government."

"PSEUDO-PANACEA"
The McNary-Haugen measure was depicted by Julius S. Barnes, former head of the United States World War Grain Corporation and former president of the chamber, as "a false panacea for farmers."

Both Heard and Barnes voiced the belief that the American farmer, through intelligent leadership and economically sound methods of production, could establish agriculture on a stabilized basis.

While he considered that agriculture constituted one of the nation's leading problems, the Arizona publisher said his study of the question has brought forth the conclusion that farming can be restored to an equality with other industries by the adoption of the methods of economy and efficiency utilized by manufacturing and other industries.

Mr. Heard advocated the creation of a board composed of leading students of agriculture to study the economics of farming and to ascertain the best methods of production and marketing. This study, he believed, would result in the formulation of a sound plan of bringing agriculture back to a normal condition.

HOPES FOR VETO
The hope that President Coolidge would again veto the McNary-Haugen bill was voiced by Mr. Barnes, who declared the measure would destroy the "marketing system" which in recent years has achieved a natural and marked recovery in agriculture.

Lloyd S. Tenny, chief of the Agricultural Economics Bureau of the Department of Agriculture, outlined the future prospects of marketing the American farm surplus abroad. He said that a scientific marketing system would aid in the sale of the surplus profitably in foreign countries.

A group meeting on industrial problems was told by Donaldson Brown, vice-president of the General Motors Corporation, in a prepared address that the "essence of modern-day business management" was in "forecasting and planning a system of control whereby production, purchases of materials and the employment of capital are co-ordinated with sales requirements."

THOSE TIMES GONE
"The American manufacturer can no longer determine his course according to his ability to purchase the necessary raw materials and the capacity of his manufacturing facilities," he said. "Ultimate consumer demand is the absolutely fundamental factor controlling the continued sale of any product."

Business men were urged by Silas Strawn, Chicago, president of the American Bar Association, to take a real interest in government. "The greatest peril to this country is the indifference and apathy of our business men toward the problems of government, local and national," he said.

FLAMES DESTROY VETERAN BARRACKS

STOCKTON, May 9. (P)—Fire early today destroyed the barracks of the United States Veterans' Business School, two miles west of here, with an estimated loss of \$50,000. Origin of the fire is unknown.

But It's In Conformity With Reformed Spelling Code We'll Follow, Maybe

NEW YORK, May 9. (P)—Forth and even yirs ago our faharm brot forth on his kontinent a nlu naseen. That's approximately how Lincoln's Gettysburg address would start in a new phonetic alphabet adopted by the Spelling Reform Association. It has forty-two characters, one for each sound, and some such characters are not on type-writers and linotypes—yet.

ROAD-PARKED STUBS TO CAUSE ARREST

SACRAMENTO, May 9. (P)—Throwing cigars and cigarettes from moving automobiles, which last year took 150 careless California motorists into court, will be considered just as serious an offense this year. State Forester M. P. Pratt declared today in ordering rigid enforcement. Absence of snow and light rainfall require unusual carelessness, the forester added.

APPLICATION IN BELT LINE PLAN FILED

Railroads Serving Port Unite to Present Petition to Interstate Board

WASHINGTON, May 9. (P)—All railroads serving the Los Angeles City Harbor joined in applying to the Interstate Commerce Commission today for permission to consolidate their water-front operations. The Los Angeles Harbor Commission will participate in the project.

Under the projected arrangement, the Southern Pacific, Santa Fe, Pacific Electric and Los Angeles and Salt Lake systems will organize the Harbor Belt-Line Railroad which will handle all traffic into and out of the harbor.

In connection with the organization it will be necessary, the application explains, for the belt line to spend \$145,000 in constructing new switch tracks and connections. The balance of the belt line property will be made up of contributions of line from the other railroads and the utilization of tracks owned by the Harbor Commission.

A NOTHER SINGER WILL FLY HIGH

Canary, Los Angeles Bound, to Emulate Eagle Ace and Hurtle Clouds

NEW YORK, May 9. (P)—Lindy is to start a flight to Los Angeles Friday. He's a canary bought here by Willis D. Longyear, Los Angeles banker, as a gift for Mrs. Longyear. Mr. Longyear also will be a passenger.

Son Discovers Double Tragedy

OMAHA, May 9. (P)—Running to a field to tell his father that he had found the body of his sister, Mary, 17 years of age, hanging from a tree, Edward Vankat, 18, stumbled upon the body of the father, Frank Vankat, 56, on their farm at Irvington, near here, today. Vankat had been shot to death.

Authorities advance a theory that the daughter committed suicide and that the father killed himself when he saw his daughter's body, or vice versa.

SARATOGA REPAIRING ORDERED

Wilbur Warns Builders of New Aircraft Carrier to Remedy Defects Soon

WASHINGTON, May 9. (P)—Defective blading found in the turbines of the new aircraft carrier Lexington during her speed trials has resulted in an order by the Navy Department to remove similar blading in turbines of the aircraft carrier Saratoga.

Secretary Wilbur said this action is being taken as a precautionary measure in view of the fact that the Saratoga has yet to undergo her speed trials which are scheduled to be held this month on the Pacific Coast. He explained that final tests on both vessels will be made before the blading is replaced and that neither ship has been finally accepted by the Navy.

SPOTTED FEVER FOUND IN NORTH COUNTIES

SACRAMENTO, May 9. (P)—An outbreak of the Rocky Mountain spotted fever in Modoc and Lassen counties was reported today to the State Department of Public Health. Thus far the disease has affected five persons, four in Lassen and one in Modoc.

It is easy for you to own a GENERAL ELECTRIC Refrigerator

MANY people who come to our stores to buy General Electric Refrigerators are surprised at the very reasonable prices of the popular standard sizes.

They had expected to pay the price of a grand piano, yet they found that even the largest size, with 24 feet of shelf area, cost hundreds less than a grand piano of good make. And the smaller sizes which are better suited for the average home and family cost considerably less than half the price of this large model.

The most popular model is the R-52. This is not an inferior model made to sell at a price. As a matter of fact, General Electric does not make a refrigerator which is not full porcelain lined, including the compact freezing unit. There is only one G. E. quality, regardless of the price you pay.

THOSE who buy the model R-52 out of income make a down payment of \$64 and then twelve monthly installments of \$22.58. Here is what they get:-

1. A lifetime of perfect refrigeration.
2. A two-year written guarantee by the General Electric Company.
3. 9 square feet of food shelf area, probably much more than your present ice box capacity.
4. Seven pounds of ice at one freezing, plus glass storage tray which holds an equal amount.
5. Probably the finest refrigerator cabinet of its type ever made—full porcelain lined with rounded corners, very handsome straight wire rust-proof shelves resting on moulded shoulders, lustrous bakelized door molding with corners protected by polished metal trim, outside steel casing with welded and rounded corners finished in lasting lacquer, very strong handsome hinges and new automatic latch, graceful legs which make it easy to clean underneath.

WHEN you see this beautiful model you will realize why it is so popular. You will marvel that it can be sold at such a low price. This is possible only because of the simplified freezing mechanism and because leadership in home sales permits manufacturing economies.

There are also smaller and larger models—in fact, a size and price for every home and family. All General Electrics are unusually quiet. Noise ever

requires your attention; even a permanent supply of oil is sealed in. There are no adjustments for you to make—nothing that needs periodic servicing. Just plug it in to any electrical outlet and it will serve you with a lifetime of splendid usefulness.

Plan to visit one of the six convenient stores listed below. See how easy and worth while it would be to buy your General Electric Refrigerator now!

QUIZ DEMANDED ON LOS ANGELES

Bureau of Light and Power Assailed by Douglas
Inquiry on Activities for Dam Bill Sought
Trade Commission Indicates Lack of Jurisdiction

WASHINGTON, May 9. (Exclusive)—The Federal Trade Commission was asked today by Representative Douglas of Arizona to turn the searchlight of its inquisitorial powers under the Walsh resolution on the Los Angeles Bureau of Light and Power, the Imperial Valley Irrigation District, the Boulder Dam Association and all organizations, agencies and persons affiliated with them in the fight to obtain enactment of the Swing-Johnson Boulder dam bill.

Douglas made the demand in a personal appearance before Commissioner McCulloch, who presiding over the commission's investigations of the electrical-power industry. Both McCulloch and Edward E. Hasty, counsel of the commission expressed the opinion that the commission has no jurisdiction under the Walsh resolution to investigate the activities of the Los Angeles Bureau of Light and Power, a public utility corporation. This is known to have been the attitude taken in the commission's reply to the recent demand of Gov. Hunt of Arizona for an inquiry into the activities and expenditures of the interests working for passage of the Boulder dam bill.

ARGUES CITY CORPORATION
Representative Douglas argued at length that, as the city of Los Angeles is a corporation and is engaged in supplying electrical power to its citizens, it comes under the working of the Walsh resolution, which confers authority for investigation of "any corporation doing an interstate business in supplying electrical power," together with all organized individuals and associations with it. In an effort to influence public opinion in power matters, he contended, would also take in the Boulder Dam Association, the Imperial Irrigation District and various other connections which the Bureau of Light and Power of Los Angeles has in the Boulder dam situation.

He said that if the commission disregarded his request he would ask a Senator to introduce an amendment to the Walsh resolution specifically giving the commission authority to make the investigation he demands.

Citing record expenditures by the Boulder Dam Association and Imperial Valley Irrigation District totaling \$129,177.60 in their Boulder dam activities up to the middle of 1924 Douglas told the commission that it was reasonable to assume they had spent four times that amount of money by this time. He gave a detailed account of activities of these two organizations in maintaining lobbies in Washington, soliciting members of Congress with trips through the Imperial Valley and sending boxes of fruit to Congressmen, distributing literature.

VILLAGES GO ON PHONE STRIKE

Virtually all of the Residents Take Out Apparatus After Rate Rise

WILTON (Wis.) May 9. (Exclusive)—A ruling in the telephone-rate fight is expected in a few days, but in the meantime the boycott goes merrily on. This village and Ontario, another village near here, now are phoneless except for a few places. There were 450 when the boycott started. The farmers launched the strike against the phone company when an increase in rates went into effect in January. The merchants were slow to join, but when they saw that the farmers were trading only with merchants who had their phones taken out almost all the business men fell into line.

The two banks are without phones and the schools and churches also are phoneless.

In all this activity, he said, the Los Angeles Bureau of Light and Power was a partner and contributed to the expenditure of \$325,000,000 for the flood control project, but, according to President Coolidge and Maj.-Gen. Edgar Jadwin, chief of engineers, the actual minimum cost will be at least \$600,000,000.

FLOOD BILL NOW UP TO COOLIDGE

Senate Approves Conference Report on Measure
President Expected to Act Favorably on It
Expenditure of \$325,000,000 Would be Authorized

WASHINGTON, May 9. (Exclusive)—Flood control legislation has passed its last legislative hurdle and is ready for the signature of President Coolidge.

The conference report on the bill was approved by the Senate today without a record vote. There were several speeches from Senators but no attempt was made to prevent favorable action. The House approved the conference report yesterday.

ENGINEERS TO STUDY IT
With assurances from the President that he will sign the bill as the best that can be obtained, its sponsors anticipate no further difficulty. The bill will be referred by the President as a matter of formality to the army engineers and to Atty.-Gen. Sargent and a week or ten days may elapse before it is ready for executive action.

The bill as it will reach the President authorizes the expenditure of \$325,000,000 for the flood control project, but, according to President Coolidge and Maj.-Gen. Edgar Jadwin, chief of engineers, the actual minimum cost will be at least \$600,000,000.

DOESN'T CHOOSE AIRPLANE TRIP

Coolidge Turns Down Offer of Aviator Politely but Firmly

WASHINGTON, May 9. (Exclusive)—President Coolidge does not choose to fly—at least not during his term of office.

An invitation extended to him today by Russ Halley, Rapid City banker and aviator, was politely but firmly turned down.

Halley offered to bring down to Washington a new fifteen-passenger trimotored Ford plane.

SENATE PASSES SOUTHLAND BILL

Measure Withdraws Mine Entry in Reserve

WASHINGTON, May 9. (Exclusive)—The Senate today passed a bill by Senator Shortridge of California authorizing withdrawal from entry under the mining and mineral laws of approximately 400,000 acres of land in the old Angeles Forest reserve in Los Angeles county.

A twin bill has been introduced in the House by Representative W. E. Evans of Glendale who said today he will confer with members of the Public Lands Committee and House leaders in an effort to get the measure through the lower branch before the spring adjournment.

The purpose of the legislation is to promote reforestation and water conservation, now seriously interfered with by private mining claims which, in most cases, are not utilized commercially.

Confession Ends Slaying Puzzle

REDDING, May 9. (P)—The mystery surrounding the disappearance and slaying of Clarence Kelly, an Indian, whose body bearing knife and bullet wounds was found yesterday near Montgomery Creek, apparently was cleared up today with the confession of Wilbur Barnes that he and Ed Johnson and Ray McClellan had engaged in a quarrel with Kelly and that McClellan had stabbed him twice.

AVOID UGLY PIMPLES

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Clears the blood, breaks and throws out Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, rapid liver, bad disposition or simply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take nightly for a week. See how much better you feel and look. 15c, 30c, 60c.—Advertisement.

Bremen Flyers in Philadelphia

PHILADELPHIA, May 9. (P)—The crew of the trans-Atlantic airplane Bremen arrived here today, the first stop in their swing around the eastern part of the country.

The German-Irish crew landed at the Philadelphia navy yard in the F-12, sister ship of the Bremen.

The flyers were surrounded by the local reception committee and escorted to the office of Admiral Latimer, commandant of the navy yard. Later they proceeded to the City Hall.

Owing to the rain the public reception in the huge stadium at the sequentiennial grounds was called off and instead the flyers greeted the people of Philadelphia over the radio, using station WCAU.

English Study Urged in Italy

ROME, May 9. (P)—Everything possible is being done to encourage the study of English in Italian schools and universities. Premier Mussolini today told Prof. Stephen P. Duggan, director of the Institute of International Education and a widely known American authority on education.

During an audience granted by the Premier, Prof. Duggan discussed with him the possibility of increased exchanges of professors and students in both countries which the Premier highly approved.

STUDEBAKER

The Great Independent

Announces A New Record for stock cars under \$1400

Better than a mile a minute for 5000 miles

The Dictator \$1195 to \$1395

F.O.B. FACTORY

BY traveling 5,000 miles in 4,751 consecutive minutes, the Studebaker Dictator has established a record unequalled by any stock car under \$1400—comparable to the existing world record of 5,000 miles in 4,559 minutes made by the Studebaker Commander last fall.

And not one, but two Dictator Roadsters, fully equipped, each traveled 5,000 miles in less than that number of minutes. The run was made under the supervision of the Contest Board of the American Automobile Association. Before and after the run, the cars were checked by the Technical Committee and were pronounced strictly stock models.

Erskine and The Dictator have made records unequalled by any other stock cars at or near their prices.

The high quality of materials, the precision workmanship, the rigid inspections and the engineering genius in the Studebaker Dictator are proved not only by its ability to travel 5,000 miles in less than 4,800 consecutive minutes, but also by the fact that any Dictator can be driven 40 miles per hour as soon as it leaves the assembly line at the factory. The engine and chassis dynamometer tests which Studebaker gives The Dictator are an exclusive Studebaker practice in cars of this price class.

We invite you to inspect The New Dictator which is offered in 10 body models at \$1195 to \$1395 f.o.b. factory. Backed by Studebaker's 76-year reputation for quality and value, The Dictator offers champion performance at a low One-Price plan.

Values in Four Price Fields
President Eight \$1985 to \$2485
The Commander 1435 to 1625
The Dictator 1195 to 1395
The Erskine Six 795 to 965
All prices f. o. b. factory

FACTS regarding this run

Date: April 30-23, 1928.
Place: Atlantic City Speedway.
Cars: Two stock model Dictator Roadsters.
Distance: 5,000 miles covered by each car.
Average Speed: One Dictator averaged 63.128 miles per hour—5,000 miles in 4,751 minutes; the other 61.312 m. p. h. Each car covered 5,000 miles in less than 5,000 minutes.
Sanction: Run made under sanction and supervision of the Contest Board of the American Automobile Association. Officials of A. A. A. checked cars before and after the run and pronounced them strictly stock models in every respect.

CLAIMS vs. FACTS

Automobile advertising is full of extravagant claims of performance. But Studebaker offers you definite FACTS supported by the certificate of the highest motoring authority. Under A. A. A. supervision The Commander has made a record never approached by any other car on earth (25,000 miles in less than 23,000 minutes). The

MERGER NOW UP TO METHODISTS

Conference Today Will Act on Unification

One Commission Planned to Make Survey

Eight-Year Bishop's Tenure Order Abolished

KANSAS CITY, May 8. (AP)—Proposed union of the Methodist Episcopal church with the Protestant Episcopal church and the Congregational church will come before the quadrennial general conference of the Methodist Episcopal church tomorrow, following unanimous approval in committee today of unification overtures.

The committee on the state of the church recommended to the conference that all Methodist Episcopal unification commissions be united into a single commission of twenty-seven members, whose duty will be to deal with all other bodies seeking union.

This commission will be composed of seven bishops, ten ministers and ten laymen, to be chosen by the board of bishops, and its personnel announced before the 21st inst. The general conference will pay all the commission expenses.

Eight-year maximum tenure of bishops was abolished today by the conference, which advised the episcopal committee, in charge of assigning bishops, to no longer be guided by a set time limit. The bishop's record and qualifications will obtain instead.

The conference rejected a declaration on adherence to the preparatory plan, and passed instead a resolution asking Congress to withhold its support from the pending naval bill involving laying down of cruisers past the fiscal year ending June 1935, and to oppose any move that will handicap the President in suspending the naval building program.

Absolute zero in science is the point at which objects are entirely devoid of heat. This point is at 273.15 deg. below Fahrenheit. Liberty.

End the Drudgery of Housekeeping

Do your lights blink annoyingly when the curling iron or the toaster goes on? Do the fuses blow out when you plug in the flat-iron or some other appliance, leaving half the house in darkness, no spare fuses on hand and the stores closed, so that your family must spend the evening in candlelight?

Equip your home with sufficient electrical outlets to make use of labor saving devices without being forced to plug in on your lighting fixtures. Any electrical contractor can install them for you easily, quickly and at a very small cost.

With electrical outlets conveniently placed throughout your home you conserve time, energy and expense. You safeguard health and provide more comfort for your whole family.

Send for our illustrated booklet "Wiring and Rewiring." There is no cost.

UNIVERSITY CITY

Next Sunday

EDUCATION

Most important in the immediate development of University City is the great University project from which it takes its name... Loyola University, within the boundaries of this community. The site has been purchased, and on May 20th a great ground-breaking ceremony will be held at Loyola.

Thousands of families will enter this district, within the next few years. Early buyers of property here will take out a huge profit, just as they have done in Culver City.

The fact that 75 per cent of the studios of Southern California are within four miles of University City is an interesting feature from the employment standpoint to many who locate here.

STUDIOS

Everett & Wood, Manager, 129 N. Marengo St., Pasadena, Terrace 2448, Pasadena, South Pasadena, Altadena and Monrovia.

O. H. P. Archer, Manager, 1132 W. Main St., Alhambra, Alhambra, Wilmar, Monterey Park and El Monte.

F. P. Waltman, 210 E. Philadelphia St., phone 421-202, Montebello, Montebello, Whittier, Downey, Artesia, Santa Fe Springs and Norwalk.

Minnie M. Baum, Manager, 111 S. Market St., Inglewood, phone 373, Angeles Mesa and Inglewood.

C. E. Prior, Manager, 763 West 10th St., Riverside, phone 1300, Riverside, Colton, Corona, Redlands and San Bernardino.

TODAY'S BIG REAL ESTATE OPPORTUNITY

HISTORY is again being made... by makers of history. Another great community... another oceanward opportunity... a complete city, offering every desirable feature for happiness and huge profits to the home builder and investor... is now under way — UNIVERSITY CITY, the greatest single, uniformly planned realty project in the history of Southern California.

Located in the path of great boulevards and the most momentous population movement in modern times... surrounded by developments and activity of startling proportions, University City is positively insured of a steady, continuous and undoubtedly rapid, growth.

Experience in the successful founding of Culver City, which has amazingly grown from a barley field in 1914 to a center of population of 25,000 souls, gives the Harry C. Culver and Company organization the knowledge and background to make this newer, finer, city more complete and more worthwhile in every way.

The formal opening of University City will be on Sunday, May 13th. Come and bring your friends. You are invited to share in the profits of this era of History-Making, at the very beginning, when fortunes are acknowledged to be founded.

BOULEVARDS

Great thoroughfares approach University City from all directions. The Coast Highway passes directly through University City. The main within University City is being constructed by the Culver Company at its own expense. Five other boulevards converge in the heart of the townsite, Manchester Boulevard and the Coast Highway meet in the exact center of University City.

Make no mistake; the future is and always will be the direction of greatest growth in Los Angeles. Culver City was founded and prospered on the certain knowledge of that fact, as firmly held by the Culver organization.

University City enjoys the same advantages and many more.

NEIGHBORS LAUD AMERICA

Testifies United States True Friend;
Cuba and Canada Bear Witness

May 9. (AP)—A pledge of peace and friendship, endorsement of the American government's policy in Nicaragua, and a statement by representatives of the United States and the neighboring governments at the World Conference on International Peace.

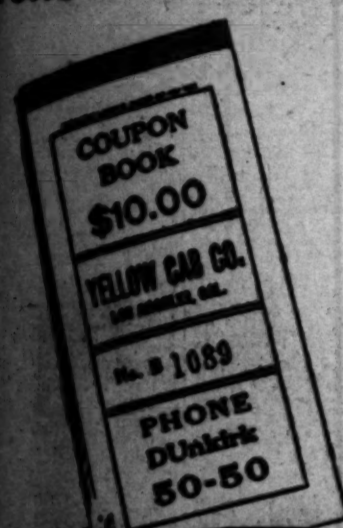

Dr. Orestes Ferrara, Cuban Ambassador to the United States, and Dr. Cosme de la Torre, former Ambassador from Cuba, bore witness to the friendship between the neighboring governments. Vincent Massey, Canadian Minister to this country, upheld the century of peace that has existed between the two great nations of the North American continent as an indication to the world that friendly relations make for a lasting harmony.

William E. Sweet, former Governor of Colorado, urged the conference to give wider dissemination to the fact that war is not inevitable—that it can be destroyed as surely as it can be created.

VICE-CONSUL'S DEATH CAUSED BY DROWNING

SHANGHAI, May 9. (AP)—A verdict of death by drowning was returned at an inquest today into the death of Walter E. Wilson, Jr., of Greenville, N. C., American Vice-Consul at Shanghai, who disappeared the 1st inst. Wilson's body was found in a river below Shanghai yesterday.

NEW BROADCAST GROUP PLANNED

Federation Asks Authority of Commissioner

Story Man Proves Popular KHI Attraction

Radio Industry Under Way in Mexico

BY DR. RALPH L. POWER

The Pacific Broadcasting Federation, an unincorporated body at present, has ambitious plans for the West, according to initial plans put forth by the organization.

The purpose, as set forth, provides that the group shall be a nonprofit-making one, nonpartisan, non-sectarian and that its transmitter will offer cultural influences of larger range and wider sphere of activity and influence.

The federation came into being nearly two years ago and several weeks ago applied for permission to purchase the small Santa Ana station and put in new 50-kilowatt equipment. The commission has given no decision on the application.

COLLEGES TO HELP

It is said that many religious, educational, civic, fraternal and club groups will affiliate with the federation and invitations have been sent to the various institutions of higher learning to become constituent of the federation.

The original plans are carried out, a heavy endowment will supply the finances and the station and studios will be the most modern that money can buy.

The projected plan calls for the highest class of music but with a preponderance of educational talks and, as an adjunct to the broadcast, it is planned to equip schoolhouses, church buildings and other places of public assembly with receiving sets and loud speakers for reception.

STORY-MAN HOUR

One of the popular morning hits of the KHI program is the story man and his castle at 9:30 on week days when Baron Kravitz presents his creation, Clickity Click and other fictitious characters in the "Land of Make-Believe."

The story man has composed many songs his in recent years. Probably the best known of 1927 was "Sweet Someone," while his newest is the "Valley of Broken Dreams."

His other period is a half-hour broadcast on Thursday afternoons with a popular song review, and some of his own numbers for the "matinee" today will be "Rain," "What'll You Do," followed by three brand-new numbers.

The studio concert orchestra with Carl O'Connor, tenor and Norma Novello, soprano, will feature the 9 p.m. program.

RADIO ACTIVITY FOR MEXICO CITY

MEXICO CITY, May 9. (AP)—Radio sending and receiving outfit have been manufactured in Mexico for the first time.

The new industry is encouraged and to some extent given financial assistance by the government and the equipment produced is being bought by the War Department and distributed to the Mexican army.

The Department of Communications backed the establishment of a plant, owned and operated by Mexicans, to manufacture radio equipment with the idea of developing a new Mexican industry and stimulating general Mexican interest in radio.

Co-eds of U.S.C. Honor Mothers at Annual Fete

Co-eds conducted a May fete yesterday at the University of Southern California in which they presented a dance of nations as the feature of the annual Mothers' Day program.

Approximately 500 mothers of Trojan students visited the campus and were entertained during an all-day program. The Young Women's and Young Men's Christian associations sponsored the day's events.

Many mothers coming from the other States were welcomed at the special assembly by William Henry, president of the student body. Bessie Hogan, president of the Y.W.C.A., and Stanley Hopper, president of the Y.M.C.A., arranged the varied program.

Trojan students wore red or white carnations during the day as the mothers were taken for classroom visits, fete at the sorority and fraternity houses at luncheon, and given flower favors at the May fete. The fete was conducted at the residence of President Rufus B. Von Kleinsmidt, 718 West Adams street.

Besides the dance of all nations, the co-eds formed an international friendship table, with girls of several nationalities participating. Miss Claire Miller was in charge.

Odd Fellows Name Master

SANTA CRUZ, May 9. (AP)—Judge Leoback of San Francisco today was nominated without opposition to the office of Grand Master of the State Lodge of Odd Fellows.

A telegram today announced the Grand Lodge meeting the burning of the L.O.O.F. Building at Cedarville.

Major C. H. Kornbeck, Junior Post Department Commander, was today presented with a silver service at a meeting of the military council, Patriarchal military council, an excursion to Big Basin was made this afternoon.

WATCH THEFT CHARGED

James B. Smith, formerly an employee of Peagan's Jewelry Company of Los Angeles, yesterday was charged with grand theft in a complaint issued by Dep. Dist. Atty. Oliver. He is accused of stealing a \$500 wrist watch and pawning it for \$150.

NOTAS TELEGRAFICAS

No se Decide por Excepciones en Aeroplane

WASHINGTON, 9 de Mayo.—El Presidente Coolidge no se decide a volar más un aeroplano, al menos durante su periodo oficial de mandato de esta nación. Russ Hailley, banquero de Rapid City y aviador, fue cortemente declinado, hace poco, Hailley ofreció al Presidente llevarlo en un poderoso aparato Ford de pasajeros, de tres motores.

Mieres de la Guerra Concedidos en Inglaterra

LONDRES, 9 de Mayo.—Doce de los hijos más ilustres de Inglaterra serían enviados en breve a la categoría de Caballeros de la Gran Cruz de la Orden del Baño, en la Abadía de Westminster, mañana al mediodía. En el grupo se encuentran el Visconde Allenby, que en 1917 ganó Jerusalén a los modernos sarracenos, conquistados la administración de la Palestina, y el conde de Alenby, quien como comandante en jefe de la flota británica durante la guerra, mandó a la victoria a los alemanes en el mar.

Los más afortunados serán el general Sir Josceline Woodhouse, General Juan Macdonell, Teniente de Mar Sir Alfredo Keogh, Almirante Sir Enrique Jackson, Almirante Lord Webster, Almirante Sir Carlos Madden, Sir Eric Curzon, Sir Humberto Llewellyn Smith, Sir Mauricio Hankey y al Barón Bradbury.

Ataque a un Tren en México

CIUDAD DE MEXICO, 9 de Mayo.—Según noticias recibidas aquí, el viernes pasado fue detenido un tren de pasajeros entre las estaciones de Purisima y Las Muralles, Estado de Durango, y el carro fue robado. El tren no llevaba escolta. Los bandos tiraron disparos al aire para intimidar a los pasajeros, quienes no obstante no fueron molestados por los asaltantes. Inmediatamente se supo del ataque salieron tropas federales en persecución de los bandos. No se ha sabido cuántos eran éstos.

Leyes Antirracistas en Presentación de Pleitos ante el Tribunal Nacional de Reclamaciones

WASHINGTON, 9 de Mayo.—La comisión de asuntos indios del Senado aprobó hoy una resolución autorizando al Procurador General de California, para llevar pleitos ante el Tribunal de Reclamaciones, en representación de los indios de ese Estado, y también sobre el mismo con respecto a la tribu Cowits de Washington.

Marino Neerlandesa, de Servicio en Nicaragua, Perce en un Accidente

WASHINGTON, 9 de Mayo.—La Secretaría de Marina recibió hoy la noticia de que el soldado José V. Kiliro, miembro de la segunda brigada de Marines en Nicaragua, murió ayer víctima de un accidente. Se hallaba, al parecer, examinando un arma de fuego y ésta se le disparó, cuando tropieza con el cañón. El padre del joven, Bernardo Kiliro, vive en la ciudad de Nueva York.

Maj. Alcalde Elige Centro su Venenado

GRAY, WYOMING, 9 de Mayo.—La señorita Isabel Wiley había declarado que no estaba dispuesta a gobernar su ciudad, de nuevo, por un tercer día, en el día de la elección, cuando se anunció su candidatura en las últimas elecciones locales celebradas, y la alcaldesa ha vuelto a su deber, renunciando a su contrincante, Samuel Prichett, uno de los regidores, por una mayoría de veinte y dos votos. Su victoria le habia echado en cara su indecisión, para ejercer el puesto, pero los electores no parecieron escudarse sus alegatos.

Doble Tragedia

OMAHA, 9 de Mayo.—Eduardo Vahnest, jefe de la policía de la ciudad, corriendo a avisar a su padre del hallazgo macabro del cuerpo de su hermanita, que estaba colgando de un árbol, cuando tropieza con el cadáver de éste, en la casa de vivencia de la granja patrimonial en Irvington. El cuerpo presentaba una herida de arma de fuego y se supone que su hijo se había suicidado, ahorándose, o tal vez había sido al ver a su padre muerto por su propia mano.

NOTAS LOCALES

Periodistas que Comerán Lechuga

Cerca de 60 periodistas de varias partes de Estados Unidos se congregaron en la ciudad de San Diego, California, para comer la lechuga llamada "leberg" de Arizona, y California, el 11 del corriente, porque será uno de los platos principales en el menú del banquete dado por la escuela de Periodismo de Missouri en Colombia. La lechuga ha sido proporcionada por la compañía Gladys para promover el interés en esta verdura californiana.

Charles Infantiles para Chiquillos de Escuela VIII

Esto era así porque su pata había estado prisionera de una trampa en cierta ocasión (That was because one of her feet was caught in a trap). Los cazadores descubrieron que la vieja loba se había alejado mucho del lugar (The hunters found that the old wolf had gone a long way off). Quizá se sentía culpable (Perhaps she felt guilty). Debe haber pensado que la loba a caer (She must have thought that the wolf would be killed by a whole night).

COMMUNITY CHAMBER TO ELECT OFFICERS

Nominations for directors of the Beverly Hills Chamber of Commerce to be elected on June 5, next, must be filed by the 21st inst. was announced yesterday. Seven are to be selected this year instead of the usual six, due to resignations. Petitioners require the signatures of ten members.

LOS ANGELES WOMAN MAY BE HONORED

Mrs. Stannard Mentioned as Candidate for Head of Confederate Daughters

PASADENA, May 9. (Exclusive)

Mrs. M. L. Stannard of 238 South Mariposa street, Los Angeles, is being mentioned prominently for the State presidency of the United Daughters of the Confederacy who are holding their twenty-eighth annual convention here at the Hotel Huntington. Election of officers will be tomorrow.

With additional delegates arriving throughout the day, attendance at the convention was increased noticeably over the opening session last night, and the convention headquarters.

A social hall and reception at which all delegates and a number of local leaders of Pasadena were present, was tendered the visitors in the Huntington ballroom.

In the report of the retiring president, Mrs. Rudolph P. Blankenbush of San Diego, it was revealed that the California division of U. D.C. had expended \$3300 for relief of Confederate veterans and their families during the past year and that chapters of the organization in the State have established eleven scholarship funds.

The United Daughters of the Confederacy are not organized for the purpose of perpetuating differences between the North and the South, but for the purpose of preserving the historic heroism of the Old South," said Mrs. Blankenbush, in her reply to the address given at Pasadena by H. H. Beckwith, president of the Pasadena Dixie Chapter.

A memorial hour was held during the day's session, in which Rev. Leslie E. Learned gave the memorial address. Mrs. Thomas C. Stannard Douglas of Los Angeles, lived an address on the activities of southern women during the Civil War.

HINDU WILL SPEAK HERE ON TUESDAY

Krishnamurti to Deliver First American Lecture at Hollywood Bowl

Jiddu Krishnamurti, Hindu theologian, known to his followers as "The World Teacher," will give his first public lecture in America on "Happiness Through Liberation" at the Hollywood Bowl next Tuesday evening. This will be his only public lecture during his stay here. It is announced.

Krishnamurti has attracted attention by his philosophy in which he preaches charity and love, freedom from materialism and a union of all religions.

Service Council Formed to Push Jewish Appeal

An important step in the raising of the \$200,000 for the United Jewish Appeal in Southern California was the recent formation of a permanent body to be known as the Jewish Service Council to be composed of representatives of all elements of Jewry to the actual soliciting of funds for the campaign, according to an announcement of Marco R. Newmark, Los Angeles chairman of the United Jewish Appeal.

The service council, according to Mr. Newmark, will act in an executive capacity and outline all details for the soliciting of the campaign to all Southern California Jewish communities.

I. Irving Lipschitz, campaign director, announced yesterday from San Diego, and reports the San Diego Jewish community will go over the top.

Rabbi Lissauer of Temple Emanuel, was the principal speaker at a meeting held in Bakersfield yesterday evening.

Long Beach Air Raid Planned to Boom Exposition

An air raid by a group of Long Beach and Pacific Southwest Exposition officials is being conducted over towns and cities of Southern California tomorrow and Saturday. But the bombardment will consist only of "dodgers" that will bring message to these communities about the exposition that will open at Long Beach July 27, and deliver special invitations to town and city officials to the dedication ceremonies to be held the 26th inst.

Composing the group from the city staff of Long Beach are City Engineer Callahan, City Clerk Bryson, Assistant City Manager Buck and Councilman Barton. The balance of the group will be from exposition headquarters.

J. G. Montijo will pilot the plane. On Friday the towns of Santa Barbara, Bakersfield, Victorville, San Bernardino and Riverside will be visited.

Saturday the officials will fly over Brawley, El Centro, San Diego and El Surco.

BUOY DAMAGES BOAT

Marker Submerged and Has No Light, Says Fisherman

General Manager Cole of the Harbor Department yesterday was instructed by the Harbor Commissioners to investigate a complaint by B. Falcone, operator of the fish boat Amelia, that a buoy placed in the Catalina Island waters opposite the Harbor Department's stone quarry is now beneath the surface. He says it damaged his craft. He wants the department to pay his repair bill.

Falcone reported the absence of a light on the submerged buoy made it a menace to all craft using the waters opposite the quarry.

ANTIPODEAN OIL TRADE TO START

Union and Atlantic Shipping New Zealand Trade

Initial Shipment of 75,000 Barrels Out Today

Norwegian Line's New Tank Chartered for Trip

Formal entry of the Union Oil Company and Atlantic Refining Company into the bulk gasoline trade to New Zealand will be made today with the dispatch of the new tanker, the *Union*, from here with 75,000 barrels of the automobile fuel.A sequel was the dispatch of the tanker *Laurel* to New Zealand with a similar shipment to Australia. Both are initial shipments to their respective fields under the new joint arrangement made last autumn by the two companies. They will distribute in the Antipodes through a new marketing concern known as the *Antipodean Petroleum Company*, Ltd., chartered expressly to develop trade in those countries.Part of the *Union*'s cargo will be in bulk, the rest being in drums, according to the company. The *Union* is under charter from the *Antipodean Petroleum Company*, Ltd., chartered expressly to develop trade in those countries.The *Union* is a 10,000-ton twin-screw motor tanker 422 feet long and was commissioned in Oslo, for Hagb Wiggins S.S. Company, just before sailing April 7 on her maiden voyage here. Capt. Arneson, her giant skipper, is on his first voyage to the Pacific.The *Union*-Atlantic invasion follows that of the *Vacuum Oil* and *Standard Oil* Company of California, which have been shipping bulk gasoline to the Antipodes more than two years.

CATCH OF WHALING EXPEDITION HEAVY

Sixty-six hundred barrels of whale oil worth \$180,000 have been recovered by the fleet of the Mexican Whaling Company of Lower California in the last six weeks, according to the company's superintendent of the expedition. He put in on the killer *Hank* yesterday for supplies which had run out while the killer was exploring the north of his base.

The six weeks' harvest represents half the fleet's output for the season, the winter months work particularly disappointing. "If we keep up our heavy run now, we will wrap up last year's 17,500 barrels after all," he said.

The four killers, *Hank*, *Norona*, *El Columpio* and *Cabral* brought in eight whales one day last week, which was the best haul yet.The *Hank* returned south last night, to remain with the fleet till the season ends early in July, when the killer boats will be up here for the summer.

The whaling fleet of the California Sea Products Company of San Francisco, is expected to leave for the coast of Mexico in the near future, according to reports received by Capt. O. M. Byrde, Los Angeles representative of several fleets.

Contracts have been closed for twenty-five ships to carry mails from San Pedro to Central America and Panama during June. It was announced yesterday by C. F. Wright, postmaster, in charge of foreign mails for the United States division. Two other ships will carry foreign mails to the east coast of South America, one month, and to Hawaii, four direct to New Zealand and Australia and three to the Orient.

Pilgrage revenues continue to soar, 216 vessels being handled by municipal pilots and \$20,220.00 in fees collected during the last week, according to Capt. S. S. Sandberg, port traffic manager. This compares with 192 ships and \$17,996 for the corresponding month last year.

Capt. J. P. Webster was back on the bridge of the Holland America freighter *Kinderdyk*, in from Europe yesterday, after his first visit home to Holland in six years. His chief engineer, J. Hamman remained at Glasgow to help install Diesel engines in a new motorship soon to come on this run. The *Kinderdyk* is discharging European cargo and 12,000 bunches of bananas and 12,000 bunches of coffee picked up in Central America.Noboru Ohnari, manager of the Nippon Yusen Kaisha, toured the harbor yesterday with his aides, escorted by Y. Kimura, Los Angeles representative. He again avowed dedicating a building on any addition to his fleet calling here, until three motor liners are completed in Japan next year. The *Y. K. Line* will be the Asian making nineteen knots, carrying 900 passengers and 60,000 tons. She will be out next April.

King Street N.Y.C. publicly manager and publisher of the magazine Japan, accompanied him. The party will leave late this week for the East, bound on the world.
